

# HASQ Technology

## Hasq Offers

Hasq Technology Pty Ltd is looking for investors to fund completion of development and commercialization stages of our product.

Our innovative technology is in the field of crypto-currencies and has a vast array of real-world applications. It revolutionizes the way we recognize, prove and transfer ownership of assets. What differentiates our technology is a set of unique features not seen in other modern methods in the field. With a prototype completed and original ideas protected by a patent, we present an opportunity for an astute investor to join us. We want to expand our team by 10 people for the next 16 months to implement a generating revenue business case.
